

### **THIS WEEKEND: Join us in saying NO to NATO**

- Cardiff and Newport
- August 30th to September 5th

Schools and hospitals are being closed in South Wales next week in order to facilitate NATO leaders gathering to discuss increasing their military spending.

This nuclear-armed - and very expensive - military alliance continues with its wars and destabilising expansionary policies as ordinary people throughout the world campaign for peace.

*Join us at the march in Newport on Saturday and take part in the counter-summit discussions in Cardiff and Newport on the following days.*

- [Make sure you're there - NO to NATO.](#)

### **NHS not Trident: Join the 999 March for the NHS**

As the 999 March for the NHS continues to highlight the threat posed to the NHS by government spending plans, Yorkshire CND joined the march in saying NHS Not Trident.

Find a local event and join the march with your own NHS Not Trident placards and tshirts.

## Help us launch Rethink Trident

Together with partner organisations we will launch our Rethink Trident campaign on 20th September – the eve of the party conference season and countdown to next year's election.

You can show your support for scrapping Trident by adding your name to the advert.

Help us get the anti-nuclear message heard with a small donation – just 500 donations of £20 will make the advert possible.
