## **Salisbury Vigil Petition**

Next Wednesday, parliament will hold a crucial vote on whether or not to support a ceasefire in Gaza. With over 28,000 Palestinians already having been killed, and with many many thousands more injured and facing starvation, this couldn't be more urgent. It is essential for people to put as much pressure on our MP as possible, ahead of next week's vote calling for a ceasefire. We, the undersigned, urge our **MP John Glen** to support the motion for an immediate ceasefire.
