

Touros from Kyoso Junior High School

Mid-Somerset CND and Peace Group

These twenty Touros are presented to the Mid-Somerset CND and Peace Group by the students of Kyoso Junior High School in Hiroshima. It is a part of their series of peace education which includes history, Peace and Reconciliation of Coventry, and outlines of the UK and Mid-Somerset. They studied the importance of solidarity, and piling up activities even if it is small. They painted with all their heart.

Thank you for floating their Touro lanterns together in your Candle Float in August.

Thank you for your solidarity.

Warmest regards

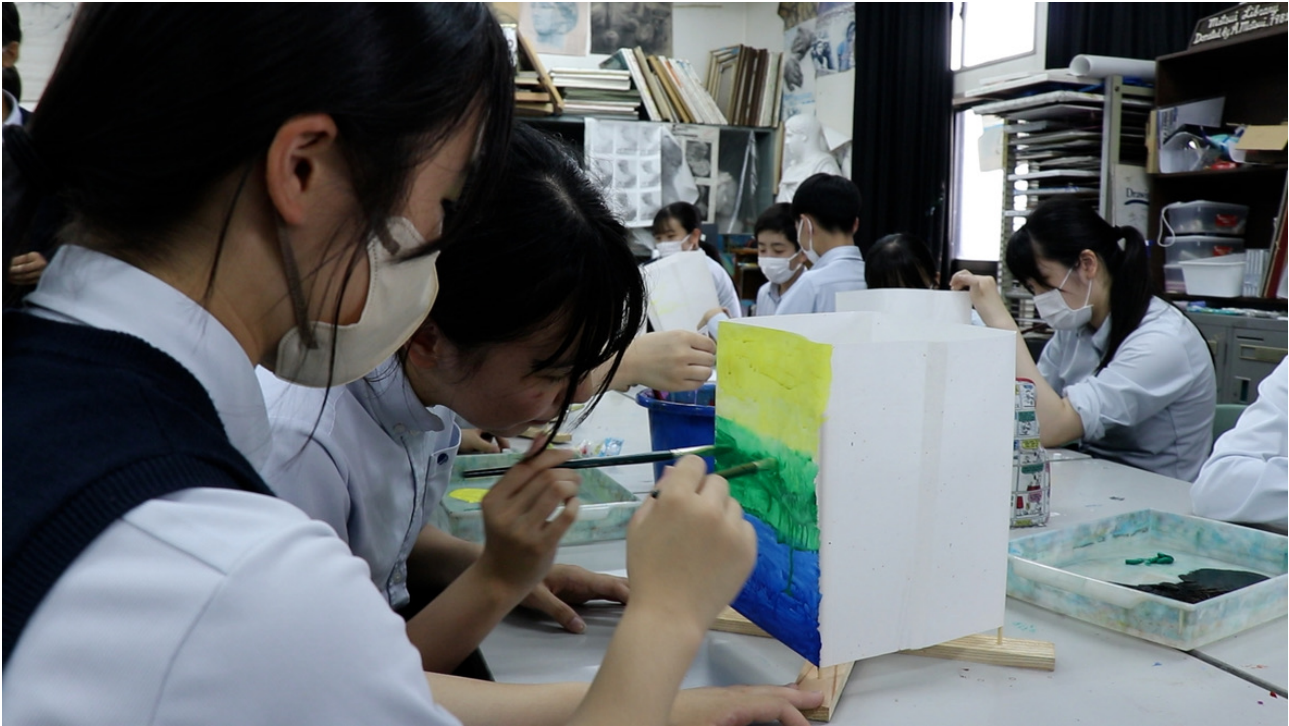

Hiroshima Coventry Club
