

*Warm thanks to all who came and stood together on this cold night of drizzle.*

*We expressed our determination that the ceasefire should be permanent, that the suffering on all sides should end, and that a long term solution should be found that respects the human rights of all concerned. The UK Government should stop being complicit in this conflict and instead use its influence to move towards a stable long term peaceful solution.*

*A summary of this week's announcements by Donald Trump is available below:*
